**Subject:** Lake Park Dues

Matt,

Attached is the current accounting of the dues paid into escrow at my office.

I did not calculate how much each person should pay. If I miscalculate, then there is an issue. I just kept up with what I received. If it is too much, I'll send a refund, if they are short, they can add a little. I have not disbursed any of these funds. Mr. Gaddy already informed me that he paid too much after his money was deposited into escrow.

I do not have candidates for office. I presumed there would be a nomination and vetting process. Not that the litigants would just propose who they want to run.

I do not have the full names of each Plaintiff or know whether those are their full names. I'm not sure why you ask as the rules allow for sufficient information to identify a party, even a description if the name is not known. Is there some uncertainty as to who they are, or someone specific?

Doug
